

Creating tools that help transform, augment, and personalize the learning experience.

Floe provides the resources needed to enable inclusive access to personally relevant, engaging learning opportunities for the full diversity of learners and content producers.

Metadata Authoring
A nice short description of the tool here.

Inclusive Learning Design Handbook

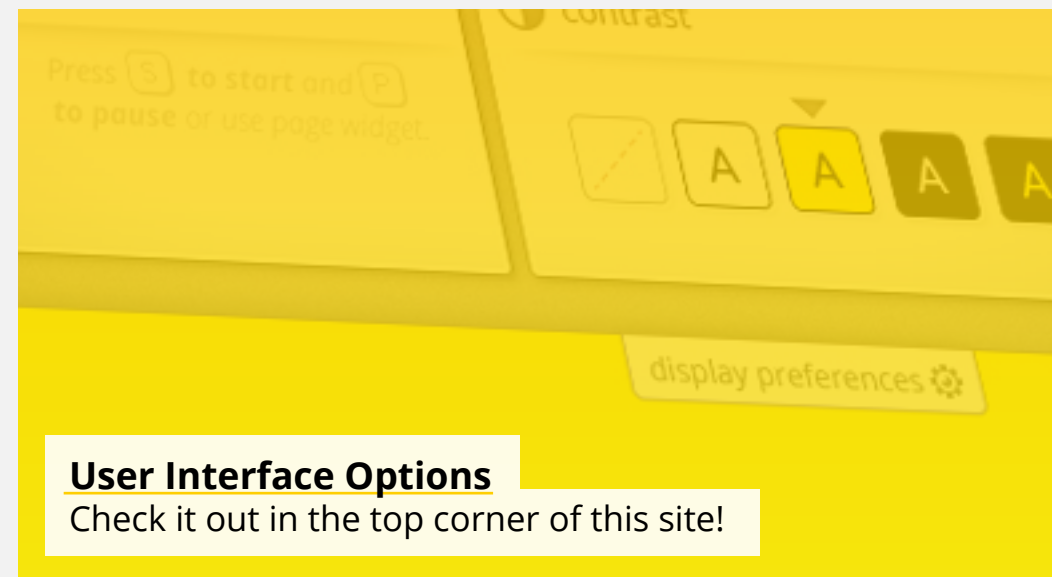

A resource for creating adaptable and personalizable educational resources.

Floe Wiki

Resource for Floe design, development, and planning.

Floe on Github

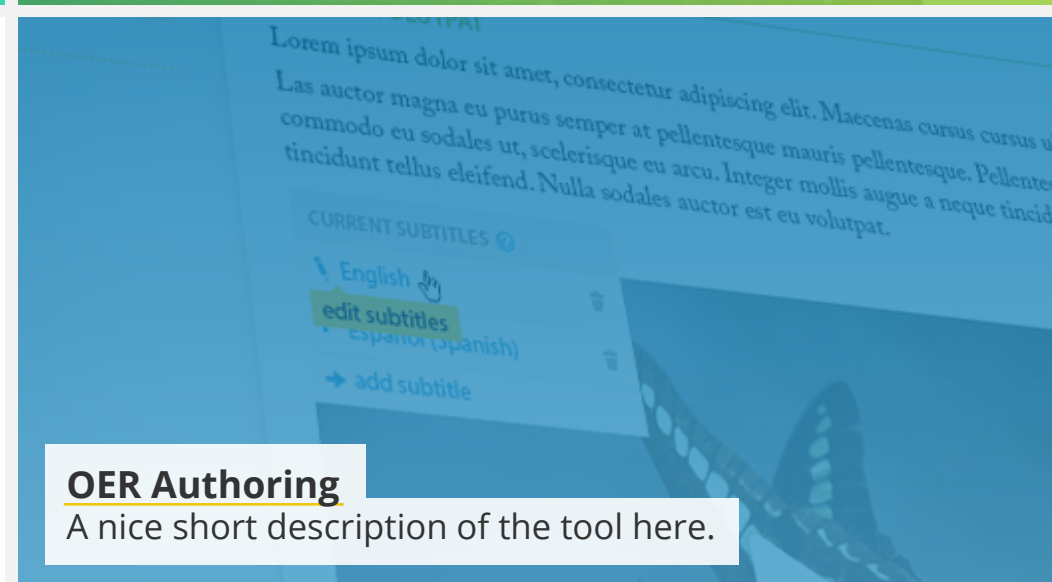

Description..

User Interface Options
Check it out in the top corner of this site!

Video Player
A nice short description of the tool here.

OER Authoring
A nice short description of the tool here.

PARTNERSHIPS

OERPUB

Open-source tools for authoring, adapting, remixing, and publishing open education resources. OERPUB will be integrating the Floe video player and metadata author.

Raising the Floor

Making the web and mobile technologies accessible to everyone regardless of their status. Raising the Floor is using Fluid Infusion with User Interface Options.

OER Commons

The network for teaching and learning materials uses Floe OER authoring designs.

Connexions

MERLOT

Open Courseware Consortium

Call For Contributions: WAI's Accessible E-Learning Online Symposium

November 05, 2013

W3C's Web Accessibility Initiative will be hosting an Accessible E-Learning online symposium on December 16, 2013. They are currently inviting submission of new research, ongoing research, and analysis of past research related to e-learning accessibility.
